## President's Message

WELCOME BACK!

Tis' the season to hear Basketballs bouncing and kids playing and having fun....Minor Basketball is about to begin!

Now that summer is just a distant, warm memory and days of camps, camping and swimming at the beach are behind us, CTMBA Tigers are set to hit the court; opening night is Monday October 18th!

We are happy to have the largest registration to this point in the history of the association and expect big numbers out to the gyms this fall and winter. We have a great deal of experience in our coaching ranks again this year to give you son's and daughter's the best basketball experience in PEI.

We will have a number of fun events again this year with the Hoop-A-Thon, our annual jamboree in December and again this year, a wrap up fun day in late March – last years inaugural event was a big hit for the kids, especially the Domino's Pizza!

Speaking of Pizza and support, we are blessed to have a wonderful group of corporate supporters of the Tigers again this year, please take a peek at our website [www.tigersbasketball.ca](http://www.tigersbasketball.ca) for scheduling and contact information, but also to see our corporate sponsors and support them where you can.

On a personal note, I could not do my part in growing our program without the support and hard work of our executive whose names are listed on the website as well. Their dedication and work to make your players experience as memorable as possible is what makes the CTMBA what it is....all about a great Basketball experience for the kids!

We look forward to another great year and hope to see you at the gym soon!

### CTMBA Code of Conduct

The Charlottetown Tigers Minor Basketball Association believes that every child registered in our program deserves the right to learn basketball skills in a safe environment where all children can learn and participate.

If a child's behaviour does not allow this to happen, the child will be addressed by their coach. If the behaviour continues, parents will be asked to speak to the child and possibly intervene. If the child's behaviour continues to be disruptive, they may be suspended from the program for a number of sessions, or told they cannot continue to participate this year.

This protocol will be followed when it is believed that a child or children are not allowing a coach to coach or are not allowing other children to learn skills to the best of their ability. The final decision on a child participating in the Charlottetown Tigers Minor Basketball Program rests with the executive of the association.
